This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

STATIONERY.

Total Stationery	$1,854 76
Total Printing	7,621 75
Total cost for sixteen months	$9,476 51

The total cost of the printing, binding and stationery, for the State, for the two years ending June 30, 1877, was $44,091.03; this makes the total cost, for the three years and four months, since the system was adopted of contracting the work, $53,567.54. In my Annual Report for the year 1875, I expressed the opinion that the entire cost of the printing, binding, and stationery for the State, for the two years then to come, would not exceed fifty thousand dollars. It will be seen from the above statement that the entire cost for the three years and four months has only exceeded that sum by less than three thousand dollars.

INTERNAL IMPROVEMENT BONDS.

On the third day of last May a meeting was held of the board, as constituted by the act of December 12, 1872, for the redemption of the old Internal Improvement Bonds. This meeting was called for the purpose of examining and paying bond No. 283. Mr. John R. Wilson, attorney for the parties owning the bond, appeared before the board and demanded, in payment of the same, five thousand and thirty dollars and nineteen cents. This amount being the face of the bond and coupons, with interest at the rate of seven per centum to the date of presentation for payment. This amount the board refused to pay, and made the following order:

"*Resolved*, That the Auditor of State be authorized to issue his warrant on the Treasurer of State in payment of Internal Improvement Bond No. 283, as follows:

On account of principal of bond	$1,000 00
Forty-one coupons, $25 each	2,025 00
Interest on bond from maturity, July 1, 1861, to February 13, 1873	697 00
Interest on matured coupons to February 13, 1873	1,329 63
Total	$4,051 63

In computing the interest the board was governed by a rule adopted upon payment of the first bond presented under the law, and under which all have heretofore been paid, viz: five per centum from maturity, until the thirteeth day of February, 1873. The amount tendered by the board was refused by the holders of the bond, who claim that the interest should be computed at the rate of seven per centum, that being the legal rate of interest at the place of payment, namely, the city of New York; and that the interest should be computed up to the time of payment.

Upon the refusal of the board to pay the amount demanded, a suit was instituted in the Superior Court of Marion county by the holders of the bond to enforce their claim, which is still pending in that court. The parties holding this bond are the holders of twenty-four others, and should the action now pending in the Superior Court result in their favor, suit will immediately be instituted on the other twenty-three bonds.

The act of December 12, 1872, is silent upon the question of interest upon these bonds, and it is doubtful if it was the intention of the legislature to allow any interest, only intending by this act to pay the face of the bonds and the coupons.

PUBLIC LANDS.

By an act, approved March 11, 1875, the Governor, Secretary, and Auditor of State, were authorized to sell and convey certain lands belonging to the State. These lands have been appraised and the following sold at their appraised value:

"The southeast quarter of the southeast quarter of section six, township thirty, range three west, in Pulaski county; also, one acre in out-lot number twenty-eight, in Clarksville, Clark county. The other tracts remain unsold, and owing to the depreciation in the value of real estate, since the appraisement was made, can not be sold at two-thirds of the appraised value; a reappraisement will have to be made before any of these lands can be sold. I desire to call attention to the condition of the title of the State to the tract described in said act as the northeast quarter of the northeast quarter of section one, township twelve, range seven west; also, one hundred acres in the southeast quarter of section one, township fifteen, north of range two east, in Marion county, conveyed to the State by James P. Drake and wife. This one hundred acres was sold by the State to one Robert McCaslin, and a mortgage taken on it, and the forty acres first described, to secure the payment of the purchase money. Upon the failure of McCaslin to pay the purchase money, the mortgage was foreclosed, and the entire one hundred and forty acres bid in by the Governor for the State. Since the sale, and purchase by the Governor of the State, the lands have been sold for taxes that accrued during the time they were held by McCaslin, and purchased by Mrs. McCaslin, the wife of Robert McCaslin. Under this title Mrs. McCaslin now holds possession of these lands. No effort has been made to dispossess Mrs. McCaslin, for the reason that there is some doubt as to the title of the State, and especialy as to the forty acres first described. This doubt arises as to the power of the Governor to foreclose the mortgage, and purchase the lands under a decree of sale. The Legislature should pass an act legalizing all the proceedings in the sale, foreclosure and purchase under the decree of foreclosure, and also directing the Attorney General to bring an action for the possession.

DISTRIBUTION OF THE LAWS.

The law providing for the printing, binding, and distribution of the session acts, house, senate, and documentary journals, should be amended. As the law now stands, the distribution in number to the counties is very unequal, as will be seen upon examination. In amending the law the distribution should be made on a basis of population, and not on a basis of the number of townships.

The present law provides that the Secretary of State shall contract with some responsible person to convey and deliver the acts and journals to the several persons, counties, and places designated by the law. This contract system should be abolished. The fact that all the counties, with a very few exceptions, can be reached by railroad transportation, does away with the necessity of contracting with any one to personally superintend the delivery. The distribution can be just as readily and as well done under the superintendency of the Secretary of State, and more cheaply.

I would also recommend that a larger number of the acts be printed; and that they be distributed separately from the House and Senate Journals. As nearly all the laws go into force upon their distribution, they should be distributed as soon as possible. The delay in printing the House and Senate Journals has frequently prevented the distribution of the acts for weeks. If the law was so amended as to provide for the distribution of the acts separately, this delay can be avoided.

By a joint resolution of the last General Assembly, the Governor, Secretary and Treasurer of State were directed to examine the claim of Benton county, for reimbursement for the extraordinary expenditures in the prosecution and conviction of James L. McCullough, for the murder of William C. Morgan, and report at the next General Assembly what portion, if any, of such claim should, in equity, be paid by the State. The history of this case, in brief, is as follows:

About June, 1865, James L. McCullough, a former resident of Henry county, in the State of Indiana, while traveling through Benton county with one William C. Morgan, a former resident of Grant county, in the State of Indiana, murdered said William C. Morgan, and secrected the body in a pond; that, on the twenty-third day of December, 1867, the skeleton of Morgan was found; that, upon the suggestion of Hon. Conrad Baker, then the Governor of the State of Indiana, this county expended the sum of $229.15 in procuring an indictment, to be returned at the March term, 1868, of the Benton Circuit Court; that, neither the murderer or his victim had any relatives or acquaintances residing in Benton county; that, on the twenty-eighth day of January, 1873, the said McCullough was arrested in Henry county, Indiana, and confined in the jail of Benton county, whence he escaped on the night of February eighteen, 1873; and the County Commissioners, believing that the State would refund their extraordinary expenses

in that behalf, offered a reward for his apprehension, and incurred expense in capturing and keeping said prisoner, for trial, in the sum of $1,223.80; and upon the trial of said cause, the State was compelled to have witnesses from other states, and in securing their attendance and board, incurred an additional expense of $299.45, and the court allowed to defendant's attorneys the further sum of $500, making a total, not including any ordinary court expenses, of $2,243.40.

At the session of the General Assembly, of 1873, a petition was presented by a large number of citizens of Grant and adjoining counties for an allowance, to be used in the prosecution of said cause, and the matter was referred to the Governor, who assured the Prosecuting Attorney that if the prosecution was proceeded with carefully and successfully, that the Legislature would relieve Benton county of a part, at least, of the burdens incurred. The case was prosecuted carefully and successfully, and the defendant, McCullough, convicted and sentenced to the state's prison for life.

When we take into consideration the promise made by the Governor, and also the fact that Benton county had no particular interest in the conviction of the defendant, over and above that of any other county of the State, it does seem to us just and equitable that the State should bear a portion of the expense. We would, therefore, most respectfully recommend that the following items of expense, incurred by said county, be paid by the State:

Paid A. Cowgill, sheriff, expenses in procuring testimony from Wisconsin and Illinois	$200 00
Paid H. L. McHullery, sheriff of Henry county, for arrest and delivery	45 00
Paid A. S. Ross, sheriff of Madison county, attaching witnesses	40 00
Paid D. Waggoner, bringing convict from Northern Indiana State Prison to testify on trial	31 50
Paid J. P. Harris, for boarding Martin and Catherine White, witnesses from Madison county	15 00
Paid F. A. Stalkes, boarding Hearald, Crye, Blackstone and Roll, witnesses from Wisconsin and Illinois	17 20
Paid Willis Harrold, witness from Wisconsin	50 00
Paid Joseph Crye, witness from Wisconsin	50 00
Paid U. P. Blackstone, witness from Illinois	25 00
Paid Charles A. Roll, witness from Illinois	25 00

Paid Martin and Catherine White, witnesses from Madison county, Indiana	$25 00
One-half of the expenses of arresting after the escape from jail	450 00
Total	$973 70

JAMES D. WILLIAMS, Governor.
BENJAMIN C. SHAW, Treasurer of State.
JNO. E. NEFF, Secretary of State.

By agreement of the parties, the claim of J. H. Vrydaugh, against the Trustees of the State Normal School, was referred to the Governor, Secretary and Auditor of State for arbitration. The claim of Mr. Vrydaugh was for services rendered as architect of the State Normal School building. Upon an examination of all the facts, the arbitrators were of the opinion that the trustees had fully paid Mr. Vrydaugh for his services as such architect.

I renew the recommendation that I have heretofore made:

1. That the indexing and proof-reading of the House and Senate Journals be done under the supervision of this office. It would prevent much unnecessary delay, and largely reduce the expense.

2. That some provision be made for the recording of all articles of association filed in this office. It is impossible to prevent instruments of this kind from being abstracted from the files; and the only remedy for their preservation is to have them recorded.

3. The establishment of a bureau of statistics in this office; and I ask a careful consideration of the bill presented in my report of 1876.
